

# Package ‘edcpR’

October 3, 2021

**Title** Ecological Data Collection and Processing Package

**Version** 1.0.1

**Description** This is the course package for the exercise portion of the “Ecological Data Collection and Processing” course.

**License** MIT + file LICENSE

**Encoding** UTF-8

**LazyData** true

**RoxygenNote** 7.1.2

**Suggests** knitr, rmarkdown

**VignetteBuilder** knitr

**Depends** R (>= 2.10)

**NeedsCompilation** no

**Author** Ward Fonteyn [aut, cre]

**Maintainer** Ward Fonteyn <ward.fonteyn@kuleuven.be>

**Repository** CRAN

**Date/Publication** 2021-10-03 08:50:02 UTC

## R topics documented:

vegdata1 . . . . .	2
vegdata2 . . . . .	2
<b>Index</b>	<b>3</b>

---

vegdata1	<i>First dataset to be used in assignment 1</i>
----------	---

---

**Description**

First dataset to be used in assignment 1

**Usage**

vegdata1

**Format**

An object of class `data.frame` with 72 rows and 16 columns.

---

vegdata2	<i>Second dataset to be used in assignment 1</i>
----------	--

---

**Description**

Second dataset to be used in assignment 1

**Usage**

vegdata2

**Format**

An object of class `data.frame` with 72 rows and 16 columns.
